PROFILE

Computer Science undergraduate with six months of remote B2B outbound sales experience encompassing prospect outreach, demo scheduling, follow-up management and CRM record maintenance. Working knowledge of CRM systems, spreadsheets and MS Office, with additional remote experience through two UI/UX design internships. Seeking to contribute to marketplace operations, talent pipeline management and operational reporting through accurate, dependable execution.

EXPERIENCE

FLYRANK

UI/UX Design Intern

Remote

Aug 2026 – Sep 2026

- **Structured Documentation:** Completed the AI Fluency Program, producing a research report, a design system token specification and build logs across two portfolio case studies.
- **Quality Review:** Reviewed AI-generated screens against specifications and corrected off-token color drift, documenting each change in an AI-usage log.

APPVERSE TECHNOLOGIES

UI/UX Design Intern

Remote

Jul 2026 – Aug 2026

- **Interface Design:** Contributed to interface design for mobile app, website and portal projects at a Lahore-based software company serving business clients.
- **Remote Collaboration:** Worked with the team remotely to align designs with project requirements and feedback.

BLUSKY BPO

Virtual Assistant

Remote

Jan 2026 – Jun 2026

- **Outbound Prospecting:** Made outbound calls to business owners across the USA to introduce virtual assistant services and gauge their interest.
- **Demo Booking:** Booked qualified prospects into scheduled demos as part of a B2B sales role, keeping the pipeline moving toward conversion.
- **CRM & Data Management:** Logged call outcomes and prospect details in CRM, keeping records accurate, complete and up to date for follow-ups.
- **Tracking & Follow-Up:** Maintained call and demo trackers in spreadsheets and followed up on pending actions to keep processes moving.
- **Objection Handling:** Addressed prospect questions and hesitations through clear, consultative communication.

PROJECTS

- **Musify:** Music app with an HTML, CSS and JavaScript front end, a Node.js back end and a MySQL database.
- **Bagged & Bellwether:** Two end-to-end app case studies (a personal finance tracker and a food delivery app) covering research, design systems and high-fidelity screens in Figma.

SKILLS

- **Operations & Data:** CRM Systems, MS Office, Excel, Google Sheets, Data Entry, Record Keeping, Trackers, Follow-Up Coordination
- **Sales & Communication:** Outbound Calling, Demo Booking, Objection Handling, Remote Collaboration
- **Design & Development:** Figma, Design Systems, HTML, CSS, JavaScript, Node.js, MySQL
